Assignment #2

a)

For all Foreign Keys, we cascade on DELETE and leave the UPDATE on default, as all the foreign keys are auto generated Surrogate Keys from other tables. They cannot be altered but can be deleted. And any Property, Service or Owner deleted must also reflect in every other table that holds those values. Hence we cascade all DELETE actions.

c)

	PropertyName
1	Lake View Apts
2	Kodak Heights Apts

d)

	City	NumberOfProperties
1	Bellevue	3
2	Redmond	3
3	Seattle	1
4	Lynwood	1

e)

	LastName	FirstName	CellPhone
1	Murphy	Jerry	585-545-8765
